GRAPHENE, WHAT'S NEXT?

Session 1

23rd December 2020

11.00am-11.30am

Graphene 2030

Session 2

24th December 2020

11.00am-11.30am

**Graphene
Commercialisation in
China 2020**

About Nanotech Talk 2020:

NANO TECH TALK 2020

NANOTECH TALK 2020 Webinar series is a 45 minutes sharing session by NanoMalaysia and its partners which focuses on the opportunities and facilitation services offers by NanoMalaysia to industries and SMEs that would like to venture into the Nanotechnology world, specifically in the Malaysia market.

We will be sharing about the business opportunity under the nanotechnology market, and a sharing session with our project partners that has been working together with NanoMalaysia.

NANO TECH TALK 2020

In the National Innovation Council meeting on the 29th of October 2009, Nanotechnology was identified as one of the new growth engines for the New Economic Model (NEM).

On the 14th of February 2011, the National Innovation Council convened and agreed that a nanotechnology commercialisation agency was needed and corresponding activities must be aligned with Agensi Inovasi Malaysia's (AIM) initiatives.

NanoMalaysia Berhad was incorporated in 2011 as a company limited by guarantee (CLBG) under the Ministry of Science, Technology and Innovation (MOSTI) to act as a business entity entrusted with nanotechnology commercialisation activities. Some of its roles include:

- Commercialisation of Nanotechnology Research and Development**
- Industrialisation of Nanotechnology**
- Facilitation of Investments in Nanotechnology**
- Human Capital Development in Nanotechnology**

Strategic Partners:

Lux Research is a leading provider of tech-enabled research and advisory solutions. We help global organizations avoid hype, mitigate risk, and accelerate growth through technology innovation. It's the trusted analysis you need to make the right decisions, faster.

China Innovation Alliance of the Graphene Industry (CGIA) was established on 13th of July, 2013 with the support of the Chinese Government bodies including Ministry of Science and Technology, Ministry of Industry and Information Technology, National Development and Reform Commission, National Natural Science Foundation of China and other government institutions; and with the valued guidance of China Industry University Research Collaboration Association, and China Association of Technology Entrepreneurs.
